Graduating Seniors

Congratulations and thank you for being valuable members of our team!

Monica Bowen

Financial Information Management, Cash Management

BBA, Accounting

My favorite part about going to UW-Madison is the community here with so many amazing people. It makes the large campus small and welcoming. This summer, I will be in Milwaukee with an audit internship. I will return to UW-Madison next year in the Master of Science in Business Analysis program at the Wisconsin School of Business.

Milo Koenig, Bursar's Office

BS, Data Science and Economics

My favorite thing about being a student at UW-Madison was meeting tons of awesome people! I will be staying in Madison and working a remote job for ONE Inc Software.

Abby Narr, Disbursements

BBA, Accounting

My favorite thing about going to school at UW-Madison is the school spirit that is shared throughout campus. After graduation I will be returning to UW-Madison to earn my Masters in Accountancy. Following my graduate year I will be working for PricewaterhouseCoopers (PwC) as an audit associate and I will be working toward achieving my CPA license.

Maggie Salm, Disbursements

BBA, Accounting

The people I've met and the friendships I've made have been the best part of being at UW-Madison! I have loved making memories experiencing all that Madison has to offer over the last three years! I will be moving to Chicago for the summer to work in public accounting as an audit intern. I will also be returning to Madison in the fall to complete a Masters of Science in Accounting and Business Analysis degree, specializing in emerging technologies.

Megan Travia, Bursar's Office

BBA, Accounting and Finance

The best part of being a student here has been the people that I have met and the city. Madison is such a perfect college town with so much to do while still feeling home. I will be moving back to Milwaukee, WI where I will start my full-time job as an Audit Staff at Deloitte in September. This summer I will be studying for and taking my CPA exams.

Congratulations also to these graduating seniors:

- Maryam Mohd Zaid Ali Bajunid, Risk Management
- Ahmad Luqman Norafizal, Risk Management
- Sydney Pham, Bursar's Office
